

# Introducing **NEW** PARTNER

Central McGowan is proud to announce that we now offer YORK Portable Machine Tools. And we're an Authorized Service Center!

Check out two of York's latest and greatest products for bore welding and line boring.

## Smart Weld Model 830

First bore welder of its kind that does all the weld speed calculations for you. Modes include: Circular weld, Segment weld, and Skip weld. Mounts to most portable boring bar setups; and works great in a machine shop on the optional tripod base (as shown here).

## 4-14 ET (electric touch) Portable Line-boring Machine

Proven, dependable, and extremely powerful Features a variable speed feed system with rapid traverse for 14 inches of cutting tool travel and a control panel for easy operation.
